

Important Parking Information for the 2011-2012 Season

Due to the construction of the Schrott Center for the Performing Arts immediately to the east of Clowes, the available parking in the East Parking Lot will be limited to the north lot only. Additional parking is available at Irwin Library and throughout the Butler campus. These areas are shaded on the map. Accessible parking is located in the north parking lane nearest Clowes. Please look for the sign below for additional parking areas that are available for Clowes events. During this time of construction, we recommend you plan to arrive at least 30 minutes prior to the event start time. We apologize for the inconvenience. For the most up to date parking information, please visit www.ClowesHall.org.

**Event parking permitted M-F after 5pm
and all day on weekends. No permit required.**
